Stemmann-Technik Nederland BV, your total care partner for the BeNeLux

Product overview

RAILWAY PRODUCTS

- * Roof mounted Pantographs
- * Third Rail Shoe Gear
- * Frost® ground contacts
- * Carbon Collectors
- * Third Rail Current supply Systems (Aluminium/Stainless Steel)
- * Overhead systems
- * Non-Icing Systems
- * Stinger systems
- * Sole Representation of Brecknell Willis & Co and PanTrac (NL)

MOVABLE AND ROTARY MACHINES

- * Motor cable reels
- * Spreader cable reels
- * Spring driven cable reels
- * Cable trolleys
- * Cable festooned systems
- * Mechanically forced end switches (spindle/lever)
- * Slipping assemblies for energy and data transfer (for Power, Steering and data transfer)
- * Mono-conductor Lines (Open/Half Open)
- * Multi-conductor Lines (Aluminium/synthetic)
- * Cable Chains and Energy Chains

DATA TRANSMISSION

- * Bako®: Slipping transfer systems for interrupt free signal transfer (RS485, PT100)
- * Fibre-optic rotary system: Fibre-optics are recommended for data communication to movable machines/consumers (Fibre optic rotary connector)

MECHANICAL COMPONENTS FOR CRANES

- | | | | |
|-------------|--|------------------------|--|
| * Brieda: | * cabins | | |
| | * control station seats | | |
| * Rima: | * Storm Brakes | | |
| | * hydraulic systems | | |
| | (systems for trim-list-skew+antisnag+antisway) | | |
| * Pintsch | * SB23 / 28 / 38 Disc Brakes | * SB 17 MX Disc Brakes | |
| * Bubbenzer | * SF15/24/40 Emergency Brakes | * EBN Drum Brakes | |
| | * K- Couplings | * EBH Drum Brakes | |
| | * KBT- Couplings | * Brake Discs | |
